SKILL STAGE 3 - ACCREDITED COURSE

City &  
Guilds

Accredited  
Programme

# Overview

This City & Guilds accredited Knitting course is perfect for knitters with a little more experience.

This course consists of 12 modules which focus on getting students to develop their own style and designs, while giving students valuable professional practice.

Our accredited courses are unique to the School of Stitched Textiles. They are comprehensive textile educational programmes that aim to not only teach essential techniques, but also enhance creativity and design skills.

# Course Delivery

This course is supplied as a distance learning course where course materials and tutor assessments are delivered digitally and work is returned to your tutor via digital presentation.

You will work through written and illustrated course materials which are supplemented with 'how to' videos and online galleries.

Your coursework will be reviewed by your tutor and periodically by an Internal Quality Assessor. You will be provided with written feedback and, if needed, you will be able to re-submit altered work.

You can contact your tutor at any time to request your work to date be reviewed and suggestions for future progress be made.

# Modules

## MODULE 1: INTRODUCTION TO THE THE BASICS

- Research chosen artists
- Knitting basics
- Line
- Tension
- Casting on and off
- Stocking
- Garter and other basic stitches
- Presentation methods.

### *Chain Cast Off*

A simple knit stitch cast off is used frequently. Knit two stitches, then with the left needle, lift the first stitch over the second. Knit the next stitch. Repeat until one stitch remains. Break the yarn, take the end through the remaining stitch and tighten.

To cast off in pattern, simply work knit or purl stitches along the cast off row as they would normally occur in the stitch pattern.

### **Checking your tension**

It is vital to check your tension before starting any project. Tension is the number of stitches and rows to a cm or inch and determines the size of whatever you are knitting. The size of stitch depends on the yarn, size of knitting needles and your control of the yarn. You can check your tension by knitting a tension square at least 13cm (5.5") and placing a ruler vertically. Mark 10cm (4") with pins and count the number of stitches and rows and check this complies with your pattern's requirements.

# Price Information

## **Completion.**

At the end of the course we'll produce an online video showcasing the highlights of your learning journey. Since all of our courses are delivered via distance learning, you will not have to travel to the centre or transport physical work.

## **Pricing.**

The cost of the course depends on how many modules you wish to pay for at once. For up-to-date pricing information, please visit the [\*\*price page on our website\*\*](#).

Students are allowed up to 2 year to complete this course.

# Enrolling

We open enrolment to new students 3-4 times throughout the year. This is your chance to secure a place on your chosen course and begin your creative journey.

As the UK's largest distance learning offering online accredited textile craft courses, demand for these courses is high. Therefore we only invite those who have previously 'expressed an interest' to enrol. If you'd like to be invited to enrol when it opens then please make sure you **register your interest**.

Upon enrolment you will be asked to agree to and abide by **SST's terms & conditions** relating to this course.

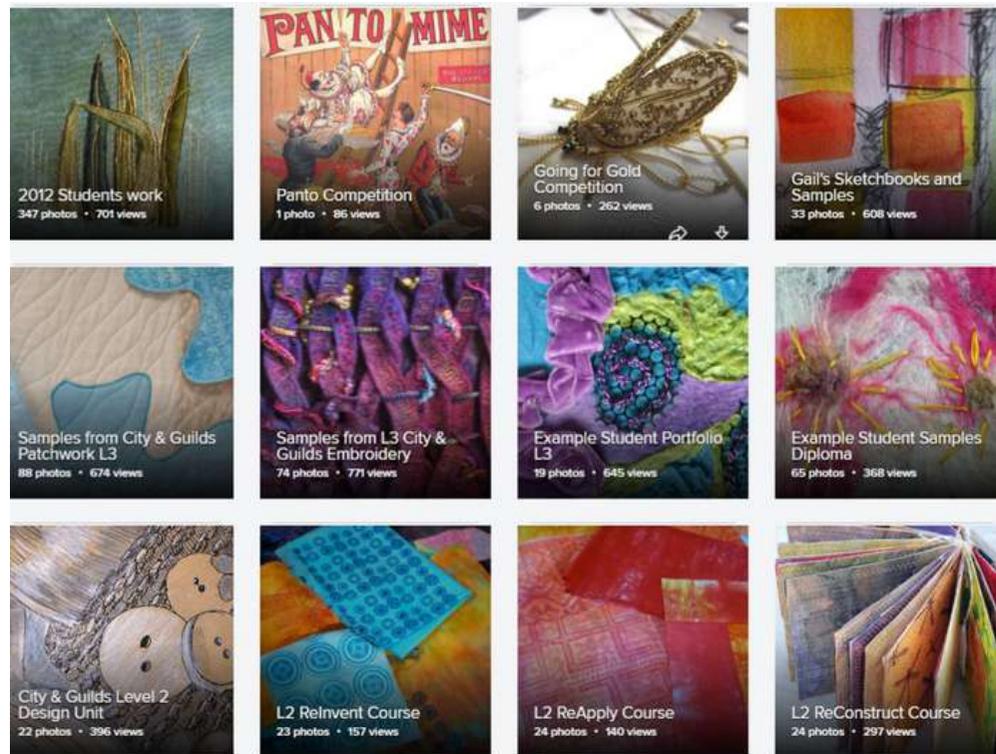

# Supporting you

Although our courses are taught via distance learning we encourage students to connect with each other to share their learning journeys.

When students enrol they are invited to join their own unique 'group' on Facebook. These groups include students who will be starting their course at the same time as you.

This is a great way of allowing students to really feel like they are part of a group where they are able to express any concerns and share their creative progress. We also hold regular 'live chat' sessions with tutors.
